DURABLE QUALITY FLEXIBLE PACKAGING

1. ABOUT US

Codeco Pvt Ltd trading as Codchem is a local company that has been operating in the food industry within the manufacturing sector since 1993.

In 2016 Codchem acquired a plastic packaging plant which was installed in early 2017. The newly created packaging division provides good synergy with the current business. The added advantage is that its products are used in all areas of economic activity at manufacturing as well as at consumer level.

VISION

To become a global renowned manufacturer of and supplier of flexible packaging

MISSION

We provide value for money to our customers while meeting stakeholder requirements. We strive to keep abreast with flexible packaging market requirements through continuously enhancing staff skills and conducting aggressive research and development

CORE VALUES

Transparency

Codchem will engage all relevant authorities and seek to operate in a manner that is open to interested parties' scrutiny. Feedback from customers and stakeholders will be used to add value to the organization.

Customer Satisfaction

Codchem believes in the voice of the customer (VOC) concept. We endeavor to meet and surpass customer expectations by listening to them and promptly responding to their requirements. We obtain and analyse customer feedback in order to continuously improve our products and processes.

Communication

As codchem, we believe that communication is an integral component of the organization and will always promote effective communication channels internally and externally. Internal communication will be based on principles of open engagement and inclusivity.

Innovativeness

We utilize our expertise, knowledge and technological advancements to meet the changing customer requirements. We improve business process efficiency and effectiveness through developing new and improved products and business approaches.

QUALITY POLICY STATEMENT

Codchem is committed to supplying high quality products and services to its customers while meeting stakeholder requirements.

Our goal is to maintain a leading role in the manufacture and supply of flexible packaging products in Zimbabwe and beyond the borders through the implementation of a comprehensive Quality Management System (QMS) based on the ISO9001:2015 Standard. We will achieve this by:

- Establishing, Implementing and continuously improving business objectives at all levels of the organization.
- Complying with applicable legislation, standards and other requirements to which we subscribe.
- Continuously improving staff competence through implementing appropriate skills development programmes.
- Promoting Safe, environmentally friendly and best work practice

QUALITY MANAGEMENT SYSTEMS

- Codchem Is an ISO Certified manufacturer.
- The normal quality checks used in the industry internationally are in place.
- Certificates of Analyses / Compliance are issued on demand
- The company is fully conversant with the main modern quality systems in use by many of our customers and suppliers – ISO 9001:2015.
- Our suppliers are all ISO certified
